

Dear Honingham Parish Council

It's been a busy two and a half months on our Norwich Western Link project since I was last in touch with you, particularly related to the refinement to the route that we made people aware of earlier in the year.

The project team have made some good progress with this, however they have advised that they need a few more weeks in order to provide a comprehensive update to me and my cabinet colleagues. So the cabinet report previously scheduled for June is now due to be considered at a meeting on Monday 4 July.

I appreciate that there is a great deal of interest in the project and that people are keen to know the latest information. Major infrastructure projects are complex and it's important that we continue to balance the desire to move forward with taking a thorough and considered approach to the work required.

The July cabinet report is due to be published on our website in late June in advance of the meeting, and I'll email you again when this is available.

Best Wishes,

Martin

Cllr Martin Wilby
Cabinet Member for Highways, Transport and Infrastructure
Norfolk County Council
